**PARK RULES AND REGULATIONS
OUTDOOR LOUDSPEAKER/CONCERT POLICY**

1. In accordance with Section 6.46.300 ~ Park Regulations, Title 6 of the Municipal Code, the City Manager is authorized to regulate and/or prohibit uses as necessary to reduce conflicts and provide for the safe operation of City Parks.
2. No person shall operate any public address or loudspeaker system or operate a radio or other electronic audio device in any public park in a manner that constitutes a noise disturbance. For purposes of this section, a "noise disturbance" means any sound which annoys or disturbs a reasonable person of normal sensitivities but does not include sounds arising from and consistent with any activity approved by City sponsorship or for which a permit has been issued by the Parks & Community Development Director.
3. A loudspeaker permit is required for sound amplification. Noise restrictions apply from 10:00 p.m. until 7:00 a.m. The permit is available from the Parks Division for City park events. A park permit, however, is restricted to 9:00 a.m. to 9:30 p.m. Maximum sound level for amplified sound is 95-100 decibels (measured 25 ft. from a noise sensitive use toward the noise source). The following is a list of examples requiring a permit:
 - Concert/Live Music
 - Dance/DJ
 - Megaphone use at an event
 - Microphone use with speakers
 - Auction with use of speakers
